McCullough Foundation and Cairns News

The mRNA shots disrupt the blood–brain barrier, allowing mRNA, amyloidogenic spike proteins, and pathogens to penetrate the brain and spinal cord.

Yet authorities are finding every unlikely cause other than Covid mRNA gene-altering jabs **which are creating an unprecedented number of hospital admissions, deaths, car accidents, suicides, shootings, epidemic of erratic human behaviour, psychiatric screening for gun owners, ambulance ramping at major hospitals, infertile women, low birth rates, autism in children**, ad infinitum.

Watch the legacy media duck and weave then lie to the public when these incriminating results are published by independent media.
